DNP Program - ASSESSMENT PLAN 2021-2022

Mission Statement

The Washburn University School of Nursing mission is to prepare professional nurse leaders to provide person-centered care and enhance the quality of health across diverse populations in a dynamic global environment.

Measures

DNP Outcome Set

PSLO 1

Outcome: Integrate nursing science with ethics, natural, social, organizational sciences
Integrate nursing science with ethics, natural, social and organizational sciences for advanced practice nursing.

Measure: AC 524 Final Case Study
Course level Direct - Student Artifact

Details/Description:	Student demonstrate synthesis of concepts by completing a final case study.
Acceptable Target:	90% of all students will pass the final case study project with 80% or greater.

Measure: BU 526 Final Excel Project
Course level Direct - Student Artifact

Details/Description:	Students demonstrate synthesis of concepts by completing final Excel project.
Acceptable Target:	90% of all students will pass the final Excel project with 80% or greater.

Measure: End of Program Curriculum Review - Outcome 1
Program level Indirect - Survey

Details/Description:	Student survey data in their final course of the program. Students are asked to rate how well the program prepared the student to achieve the specified outcome.
Acceptable Target:	Target is rating of 3.33 out of 4.

Measure: NU 900 World-view Integration Project
Course level Direct - Student Artifact

Details/Description:	Students summarize knowledge, beliefs, and attitudes meaningful to the DNP-prepared nurse, and consider how those insights may impact future practice.
Acceptable Target:	90% of all students will pass world-view integration project with 80% or greater.

PSLO 2

Outcome: Support quality healthcare innovations

Support quality healthcare innovations through systems-level leadership.

Measure: End of Program Curriculum Review - Outcome 2
Program level Indirect - Survey

Details/Description:	Student survey data in their final course of the program. Students are asked to rate how well the program prepared the student to achieve the specified outcome.
Acceptable Target:	Target is rating of 3.33 out of 4.

Measure: NU 801 Family Systems/Practice Theory Analysis
Course level Direct - Student Artifact

Details/Description:	Students analyze and visualize Bowen's Family Systems Theory.
Acceptable Target:	90% of all students will pass family systems/practice theory analysis assignments with 80% or greater.

Measure: NU 809 Complex Adaptive Systems (CAS) white paper
Course level Direct - Student Artifact

Details/Description:	Students develop a white paper explaining the value a DNP-prepared APRN brings to an organization.
Acceptable Target:	90% of all students will pass complex adaptive systems (CAS) white paper with 80% or greater.

Measure: NU 906 Case Study
Course level Direct - Student Artifact

Details/Description:	Students collaborate together to present a case study related to a global health topic.
Acceptable Target:	90% of all students will pass case study with 80% or greater.

PSLO 3

Outcome: Use evidence-based practice methods

Use evidence-based practice methods to optimize healthcare outcomes and reduce disparities.

Measure: End of Program Curriculum Review - Outcome 3
Program level Indirect - Survey

Details/Description:	Student survey data in their final course of the program. Students are asked to rate how well the program prepared the student to achieve the specified outcome.
Acceptable Target:	Target is rating of 3.33 out of 4.

Measure: NU 807 EBP Paper
Course level Direct - Student Artifact

Details/Description:	Students write an EBP project proposal to gain experience in scholarly writing.
Acceptable Target:	90% of all students will pass EBP paper with 80% or greater.

Measure: NU 824 Final OSCE
Course level Direct - Other

Details/Description:	Students demonstrate skills in a face-to-face, hands-on scenario.
Acceptable Target:	90% of all students will pass final OSCE with 80% or greater.

Measure: NU 971 Project Proposal Preparation
Course level Direct - Student Artifact

Details/Description:	Students collaborate together to complete and present their DNP Project proposal.
Acceptable Target:	90% of all students will pass project proposal preparation with 80% or greater.

PSLO 4

Outcome: Integrate technology with nursing practice
Integrate technology with nursing practice to improve quality and accessibility to care.

Measure: End of Program Curriculum Review - Outcome 4
Program level Indirect - Survey

Details/Description:	Student survey data in their final course of the program. Students are asked to rate how well the program prepared the student to achieve the specified outcome.
Acceptable Target:	Target is rating of 3.33 out of 4.

Measure: NU 804 Telehealth Program Implementation Plan
Course level Direct - Student Artifact

Details/Description:	Students research and make recommendations for implementing a telehealth strategy at an organization.

Acceptable Target: 90% of all students will pass Telehealth Program Implementation Plan with 80% or greater.

Measure: NU 822 Exams/Quizzes
Course level Direct - Exam

Details/Description:	Students complete exams/quizzes throughout the course.

Acceptable Target: 90% of all students will pass all exams/quizzes with 80% or greater.

Measure: NU 828 Unfolding Case Studies

Course level Direct - Student Artifact

Details/Description: Students complete a series of unfolding case studies throughout the course.

Acceptable Target: 90% of all students will pass unfolding case studies with 80% or greater.

PSLO 5

Outcome: Advocate healthcare policies

Advocate healthcare policies that seek to improve social justice, equity, and ethical treatment.

Measure: End of Program Curriculum Review - Outcome 5

Program level Indirect - Survey

Details/Description: Student survey data in their final course of the program. Students are asked to rate how well the program prepared the student to achieve the specified outcome.

Acceptable Target: Target is rating of 3.33 out of 4.

Measure: NU 805 Policy Brief

Course level Direct - Student Artifact

Details/Description: Students research and develop a policy brief related to a current healthcare

Acceptable Target: issue. 90% of all students will pass policy brief with 80% or greater.

Measure: NU 812 Learning Activities

Course level Direct - Student Artifact

Details/Description: Students complete a series of learning activities to demonstrate synthesis of concepts.

Acceptable Target: 90% of all students will pass learning activity assignments with 80% or greater.

Measure: NU 902 Open Book Exams

Course level Direct - Exam

Details/Description: Students complete open book exams throughout the course.

Acceptable Target: 90% of all students will pass open book exams with 80% or greater.

PSLO 6

Outcome: Collaborate with intraprofessional and interdisciplinary teams

Collaborate with intraprofessional and interdisciplinary teams to create innovation within complex healthcare systems.

Measure: End of Program Curriculum Review - Outcome 6
Program level Indirect - Survey

Details/Description:	Student survey data in their final course of the program. Students are asked to rate how well the program prepared the student to achieve the specified outcome.
Acceptable Target:	Target is rating of 3.33 out of 4.

Measure: NU 826 Unfolding Case Studies
Course level Direct - Student Artifact

Details/Description:	Students complete a series of unfolding case stories throughout the course.
Acceptable Target:	90% of all students will pass unfolding case studies with 80% or greater.

Measure: NU 832 OSCE and CPT
Course level Direct - Other

Details/Description:	Students demonstrate skills in a face-to-face, hands-on scenario and document competencies in clinical performance tool.
Acceptable Target:	90% of all students will pass OSCE and CPT with 80% or greater.

PSLO 7

Outcome: Synthesize concepts of health promotion and disease prevention

Synthesize concepts of health promotion and disease prevention to evaluate interventions aimed to improve health indicators.

Measure: End of Program Curriculum Review - Outcome 7
Program level Indirect - Survey

Details/Description:	Student survey data in their final course of the program. Students are asked to rate how well the program prepared the student to achieve the specified outcome.
Acceptable Target:	Target is rating of 3.33 out of 4.

Measure: NU 802 Population Health Project and Presentation
Course level Direct - Student Artifact

Details/Description:	Students prepare a presentation related to a population health related topic.

Acceptable Target: 90% of all students will pass population health project and presentation with 80% or greater.

Measure: NU 820 Exams/Quizzes
Course level Direct - Exam

Details/Description: Students complete exams/quizzes throughout the course.

Acceptable Target: 90% of all students will pass all exams/quizzes with 80% or greater.

Measure: NU 834 Exams/Quizzes
Course level Direct - Exam

Details/Description: Students complete exams/quizzes throughout the course.

Acceptable Target: 90% of all students will pass all exams/quizzes with 80% or greater.

Measure: NU 856 Diagnostic Interview
Course level Direct - Other

Details/Description: Students complete a diagnostic interview with a peer.

Acceptable Target: 90% of all students will pass diagnostic interview with 80% or greater.

PSLO 8

Outcome: Demonstrate evidence-based competencies
Demonstrate evidence-based competencies in advanced practice nursing as identified by the APRN consensus model.

Measure: End of Program Curriculum Review - Outcome 8
Program level Indirect - Survey

Details/Description: Student survey data in their final course of the program. Students are asked to rate how well the program prepared the student to achieve the specified outcome.

Acceptable Target: Target is rating of 3.33 out of 4.

Measure: NU 838 Exams/Quizzes
Course level Direct - Exam

**Details/Description:**   Students complete exams/quizzes throughout the course.

Acceptable Target: 90% of all students will pass all exams/quizzes with 80% or greater.

Measure: NU 840 OSCE, NP Competency Assessment, and Comprehensive Final
Course level Direct - Other

Details/Description: Students demonstrate skills in a face-to-face, hands-on scenario, document NP competencies, and complete a comprehensive final exam.

Acceptable Target: 90% of all students will pass OSCE, NP Competency Assessment, and comprehensive final exam with 80% or greater.

Measure: NU 858 Standard Patient Inteview
Course level Direct - Other

Details/Description: Students demonstrate synthesis of concepts during a standard patient interview.

Acceptable Target: 90% of all students will pass standard patient interview with 80% or greater.

Measure: NU 904 Course Activities
Course level Direct - Other

Details/Description: Students demonstrate skills and competencies through a variety of course activities.

Acceptable Target: 90% of all students will pass all course activities with 80% or greater.

Measure: NU 905 Course Activities
Course level Direct - Other

Details/Description: Students demonstrate skills and competencies through a variety of activities.

Acceptable Target: 90% of all students will pass all course activities with 80% or greater.

Measure: NU 973 DNP Project Defense
Course level Direct - Student Artifact

Details/Description: Students collaborate together to complete, present, and defend DNP Projects.

Acceptable Target: 90% of all students will pass DNP Project Defense with 80% or greater.

Analysis and Reporting Calendar

Data are collected and analyzed for each PSLO (1-8) annually.
For each PSLO 2 assignments are included this year for analysis.

Stakeholder Involvement

Courses with multiple faculty meet monthly as needed to discuss student performance using real-time didactic and when appropriate clinical evaluation grades
A member of the SON Assessment Committee represents the Assessment Committee at all of the Graduate Education Committee meetings to discuss ongoing and developing assessment information.
The Graduate Education Committee meets on a monthly basis.
Student and faculty feedback about curricular issues are shared at monthly Graduate Education Committee (GEC) meetings. All curriculum changes involving graduate-level courses must be approved by the GEC. Graduate-level curricular changes are brought forth to the Academic Policy Committee (APC) for information purposes. Discussion is held at site visits with preceptors and potential employers of our graduates to discuss program results and gather information related to strengthens, and weaknesses of the program.
