Available 8:00 a.m. on April 4 to 5:00 p.m. on August 26, 2005

Advance Registration, Open Registration, and Late Enrollment for Fall 2005 are available to students on the Web. If you are eligible, you can enroll from home, work, or on campus through your MyWashburn account. The majority of students who are currently enrolled Spring and/or Summer 2005 may participate.

FACTS YOU NEED TO KNOW

The groups of students who must enroll in person and are NOT eligible to enroll on the Web are:

- High School Students
- WECEP Students
- KATS Students (KATS students must go to Benton 306)
- Conditional students must go to the Center for Learning & Student Success (CLASS - Morgan 122) in person for advising and enrollment

Registration may be unavailable when backup and maintenance is scheduled, which is every Wednesday from 12:00 a.m. to 1:00 a.m., and Sundays from 3:00 a.m. to 10:00 a.m.

You may register and/or change your course schedule only during your specified time of the ALPHABETICAL and/or CLASSIFICATION SCHEDULE, or at any time during the OPEN REGISTRATION period.

If you have a hold, the system will tell you and not allow you to register until it has been cleared. If the hold is not cleared before your alphabetical schedule is over, your next opportunity to register will be in Open Registration.

After registering your schedule for courses, view your course schedule to make certain it is accurate.

If you change your mind about any courses, you may add and drop as often as necessary throughout your alphabetical schedule or Open Registration. Be certain to check again to verify that your schedule did change.

Morgan 136 will be staffed at various times during the enrollment process to assist those students having difficulty enrolling.

The instructions for enrolling are the same for all enrollments (except a portion of Late Enrollment). **Dates, times, and enrollment schedules may vary.**

Instructions for Web Enrollment are listed on **page 3** and instructions are on each screen on the web. **Follow the instructions carefully.**

You cannot see an entire registration page on the screen. Be sure to scroll down as far as necessary to find any links/buttons that you need.

1. No student may enroll for more than 20 hours without the consent of the Dean of the academic unit where the student is declared. (Undeclared students go to the Dean of the College of Arts and Sciences.)
2. Undergraduate courses in which the student receives a D or an F may be repeated. Only the repeated grade will be included in determining the cumulative grade point average. It is the responsibility of the student to report repeated courses to the University Registrar's Office. Repeated courses will also be noted by the University Registrar's Office when such circumstances are identified. Students who are taking graduate courses may repeat courses in which they received a grade of C, D, or F if the repeat is granted by the dean/chair of the department offering the course.
3. A freshman is limited to 17 credit hours per semester except upon approval by the faculty advisor and the appropriate Dean.
4. Freshmen whose last names begin with A - K take EN101 during the Fall semester, and those L - Z during the Spring semester.
5. All students must complete 2 credit hours of PE198 Lifetime Wellness. This course may be taken A/pass/fail or for a grade.
6. A/pass/fail option may be selected for one course each semester outside the major area of study with 24 hours and a 2.0 GPA. Through November 4 (for a 16-week course), students are allowed to switch from A/pass/fail status to grade status or grade to A/pass/fail status (if qualified). However, only one course per semester (in addition to any courses taught only A/pass/fail) may be so selected.
7. Students enrolled for Audit may convert to credit status by Friday, August 26. Students may not change from grade or A/pass/fail to audit after September 9, 2005.

TUITION AND FEES

BILLING AND PAYMENT

Advanced registered students who do not plan to attend Washburn during the Fall 2005 semester MUST WITHDRAW VIA THE WEB or NOTIFY THE UNIVERSITY to avoid charges.

Online enrollment will be available beginning in April 2005; however, tuition and fees will not be set by the Washburn University Board of Regents until July 2005. Therefore, no fee assessment will occur on student accounts until shortly after that decision is made.

Tuition and fees will be posted on www.washburn.edu/business-office/tuition as soon as they are available. Current rates for 2004-2005 are posted there for budgeting purposes only, as well as on page 53 of this schedule.

Additional information about tuition:

- Classes added after the initial enrollment will be charged 100% of the tuition rate. (Tuition fees are never prorated.)
- Refunds for dropped classes will follow the refund schedule (e.g., class "A" is dropped during the third week of the semester and class "B" is added at the same time – the student will pay 100% of tuition for "B", but receive a 60% refund for "A").
- Resident qualifications are defined in the University catalog.
- The tuition charge per credit hour is applicable to all parts of term such as regular semester, evening programs, etc., whether taken for credit or audit.
- There are no activity fees for telecourses, off-campus courses, or online courses **if those are the only courses a student takes.**
- Any student enrolling in only short-term/out-of-sequence courses must pay his/her tuition in full by the second day of class

NEW STUDENT ACCOUNT INTERFACE

Beginning with the Fall 2005 semester, a new, user-friendly student account software will be in place that will offer students more control over their accounts, methods of payment choices, and/or ways that excess financial aid amounts can be paid to them (direct deposit, mailed check, check to be picked up).

With this new software, students can:

- ❖ Print Statements of Account (including course information) from the web.
- ❖ Print a Payment Voucher for mailing in payment.
- ❖ Set up an installment plan and pay for it online or with more traditional methods.
- ❖ Set up an automatic payment from a checking or savings account or credit card.
- ❖ Set up a preferred email account to automatically "forward" their MyWashburn email.
- ❖ Set up parents or others as authorized users. Those authorized users can then:
 - enter direct deposit information for Parent PLUS loan excess;
 - view the student's financial account;
 - set up automatic payment arrangements or make online payments with credit card or web check, in addition to traditional payment methods; and
 - set up preferred email accounts to receive forwarded messages from MyWashburn about their student's account.

In addition, students will be notified via MyWashburn email any time action occurs on their accounts (e.g. when charges are assessed, financial aid released, a payment is due, a late charge is assessed). Authorized parents and others will receive these emails as well.

Students may also request that a printed statement be mailed from the University; however, this printed statement may not be as complete as that which students can print from their MyWashburn accounts, as charges can change when classes are added or dropped, financial aid or scholarship processes are completed, or housing costs are assessed. Information accessed via the web will be the most current available to the student.

PAYMENT OF TUITION AND FEES
(including housing, meals, activity fee)

Tuition and fees are due by the first day of each semester unless payment arrangements are made. The required amount due by the first day varies according to the number of hours taken:

- 1-2 credit hours - full payment must be made
- 3-5 credit hours - ½ of the total must be paid; the balance may be paid in one additional payment
- 6 or more hours - ¼ of the total must be paid; the balance may be paid in three additional payments

Payments may be made in person, by phone (credit card), by mail, or via the web (by web check or credit card). There is a drop box outside the Business Office (Morgan 205) for in-person, after hours payments.

Students who have sufficient financial aid to pay tuition and fees in full need do nothing about payment; financial aid will be applied automatically and excess financial aid disbursed to them according to the student's preferred method of disbursement. However, if a student's financial aid will pay a portion of tuition and fees, the remainder must be paid or set up on installment payments. Students will be able to set up an installment plan via the Web. Some type of arrangement must be made by Friday, August 26, 2005.

Financial Aid Priority deadline for academic year 2005-2006 is March 1, 2005. Students should make sure to submit a FAFSA as close to that date as possible to assure swift processing of financial aid. *If a student's financial aid is delayed because his/her FAFSA was not submitted in a timely manner, the student may be required to make a down payment to hold classes.*

Last day to pay tuition and fees without a late fee is Friday, August 26, 2005.

Late Fees

After August 26, a single late fee shall be charged according to the number of credits in which you are enrolling.

Credits	Late Fee
0.5 - 3.00	\$ 25.00
3.50 - 6.00	\$ 50.00
6.50 - 9.00	\$ 75.00
9.50 or more	\$100.00

Refund Dates - Please Note! (See pages 54 and 55 for University Refund Policy)

Tuition is refundable according to the following schedule. The date used to determine the percentage of refund is the day the student processes the withdrawal on the Web. The activity fee and any late registration fees are not refundable. Online credit courses are available in Allied Health, Anthropology/Sociology, Business, Communications, Criminal Justice, Education, English, History, Human Services, Legal Assistance, Military Studies, Nursing, Physical Education, Political Science, Psychology,

Social Work, and Technology Administration. These courses require that you have access to the Web or use the campus computer labs to access the course Web sites and materials. Some of the courses require periodic on-campus sessions, interactive television (ITV) class sessions, or proctored exams.

To view the list of online courses, go to <http://www.washburn.edu/online-education/> and select the **Available Course List** link. The Online Education home page also offers additional information on Washburn degree and certificate programs, as well as a special quiz designed to see if online education is right for you. You may enroll in an online course the same way you enroll in any other WU credit courses (refer to the registration section of the class schedule for specific enrollment information).

To access online courses, faculty and students must login to MyWashburn at my.washburn.edu. In MyWashburn, select the Student tab, then click on My Courses. Clicking the title of a WebCT-enabled course will cause a new window to open in WebCT and sign you in automatically!

All students enrolled in online courses also have access to the WebCT Student Orientation. This can be visited from the myWebCT screen (accessible from the top menu of any WebCT course). Students new to online classes are **strongly encouraged** to read the orientation material during the first week of classes. The orientation covers each of the WebCT tools and answers some of the most commonly asked questions.

For technical support with online classes, e-mail webtech@washburn.edu or call (800) 332-0291 x. 2381. Phone support is available Monday through Friday, 8:00 a.m. – 5:00 p.m.

The Partnership for Learning and Networking (PLAN) is a collaborative set of 2+2 baccalaureate degree completion programs offered by Washburn University in conjunction with 14 Kansas community colleges. These programs allow you to complete an associate degree at any of the participating community colleges and then a baccalaureate degree from Washburn University in another two years without traveling to Topeka for classes.

Program Requirements include 124 total semester credit hours, of which at least 60 hours must be from a four-year university (45 hours must be upper division credit and 30 hours must be from Washburn University). All of the required WU courses are offered online. For more information about the 2+2 PLAN degree completion programs, visit the PLAN web site at <http://www.washburn.edu/PLAN/>, or send an email to the PLAN Coordinators at 2PLUS2@washburn.edu.

Financial Aid

Washburn University students have many financial aid options including grants and scholarships, college work-study and student loans. Funding sources include the Federal Government, the state of Kansas and Washburn University. In order to apply for financial aid, students should complete the Free Application for Federal Student Aid (FAFSA). You may obtain a FAFSA from the Financial Aid Office or by completing an application through the Web at www.fafsa.ed.gov. For priority consideration of financial aid, the FAFSA results should be in our office before the March 1 deadline.

Last year, Washburn University awarded approximately 5.1 million in scholarships. For priority consideration of the Washburn University scholarship awards, continuing students should complete the General Academic Scholarship Renewal Application and submit it to the Financial Aid Office by March 1. New students must submit the Degree-Seeking Application for Admission and all official credentials to the Admissions Office by March 1 for scholarship consideration.

If you have any questions, the Financial Aid Office invites you to stop by Morgan Hall 267 or call (785) 231-1151 or (800) 524-8447. You may also call for a personal appointment with a financial aid director.

Payment of Tuition

The University reserves the right to correct clerical errors.

All tuition and fees are **due by August 20 for advanced and open web registered students**, and by **August 26 at 5:00 p.m. for late enrolled students**. Charges and payments will be assessed to registered students automatically as they enroll. Students **MUST NOTIFY** the University if they have completed advance registration but do not intend to attend Washburn during the fall semester, and have **not** dropped their courses via the Web.

Through the web enrollment process, the student is able to pay online with a credit card or Web check. If the Web check process is chosen, the student enters his/her bank routing numbers and personal account numbers on an online "check." After clearing the bank, the payment will be automatically credited against the student's account. Electronic checks are generally processed by banks before paper checks; please take this into account.

The University will accept Master Card, Visa and Discover credit card payments. These may be made on the Web, in person, or by phone. In addition, the University accepts cash, paper checks, money orders, and employer authorizations. In a case where a student has remitted a check that has been returned for insufficient funds, no personal checks will be accepted to repay that obligation. Any scholarships, grants, or loans coming through Financial Aid to the student's account will be applied first to tuition and fees. Students are able to check whether or not the Financial Aid is ready by accessing their student account online.

If the student is enrolled in three or more hours and cannot pay the entire balance of his/her charges on the day tuition and fees are due, AND s/he has a good payment history or delayed financial aid, special arrangements can be made to defer part of the fees. This is available as part of the web enrollment process. Students may set up an installment plan via the web for Fall 2005. No interest is charged for an installment plan, but a set up fee will be charged. More information will be available via MyWashburn and/or the Business Office web site prior to the date Fall tuition and fees are set.

Installment payments will be due on the following days:

Downpayment	by August 20
First Installment	September 19
Second Installment	October 19
Third Installment	November 19

If any installment payment is not received by the Business Office by the appropriate date, a late fee will be assessed for that installment and will be added to the student's account. See "Late Registration and Delinquent Payments" for more information.

If a student is receiving financial aid, it must be applied to the total charges first and is considered the first payment or a part thereof. Any remaining balance can be deferred and will follow the schedule of payments listed above.

Any student enrolling in only short-term/out-of-sequence courses must pay his/her tuition in full by the second day of class.

After enrollment is completed, students can check their accounts on the Web to determine how much they owe, how much excess financial aid they may expect, when payments are due and the amounts of those payments. Reminders of payments due will be sent to students/authorized parents and others via email. Timely payments are the student's responsibility and the information is available through MyWashburn.

Excess Financial Aid

Instant checks for excess financial aid are no longer available at the Business Office cashier's windows. Assessments will be processed, and direct deposit transfers made and excess aid checks printed in batches.

Refunds of excess financial aid (credit balance) will be disbursed within 14 calendar days after funds are credited to the student's account. The preferred method of disbursement of excess financial aid is direct deposit to a student checking or savings account. This can be set up through MyWashburn for Fall 2005 by the student. Parents who will receive excess funds for Parent PLUS loans may also provide direct deposit authority after they are made authorized users by their student. Students may request that a check be mailed, or they may pick up a check – specific dates, times and places for that process will be posted on MyWashburn, on the Business Office Web page (www.washburn.edu/business-office.html), and via email to students and authorized users. You will be able to change your mailing address through your MyWashburn account. **PLEASE** make sure that your address information is correct. Checks are mailed to a student's **current** address.

Advance Registration Tuition Payment for Fall 2005

When tuition and fees for Fall 2005 are set by the Washburn University Board of Regents in July, student accounts will be assessed in a batch process. Through Trichnet student software, accessible via MyWashburn, students may request that a paper statement be mailed. However, **a printed statement is only current up to the moment it is printed.** The most up-to-date student statement of account will be available via the Web. It can be printed, as can a payment coupon, if the student prefers to mail payment to the University. This statement of charges will be available to students and any person for whom they establish authorization. See www.washburn.edu/business-office.html for additional information.

Please refer to the "Payment of Tuition" and "Excess Financial Aid" sections of the schedule for more information about Web payment.

Washburn will still accept payment at the cashier's window via cash, check, money order, or credit card (MasterCard, Visa, and Discover). Checks and money orders may also be mailed, and credit card payments can be accepted over the phone.

Remember, if you enroll in a short term class, you **must** pay the tuition in full by the second day of class.

Drop/Adds (Class schedule changes) can be done any time the Web is available to you up to the last day to withdraw. Please keep in mind that if you request a printed statement and then drop and add classes after the statement is mailed, it will change your account and the statement might be incorrect. You can keep track of that by checking your account on the Web. **ONE MAJOR CHANGE is that drops and adds are figured separately,** so in order to drop and add an equal number of class hours without any charge, you must do that within the published 100% refund period (the first two weeks of the semester) (see page 55.).

Making changes to your course schedule may cause you to have an amount you owe to the University. Please check this on the Web. If an action causes you to have a credit balance, the credit will either be applied to your account, if you have a balance, or the excess will be direct deposited or mailed to you in check form according to your instructions. Please be sure your address in MyWashburn is correct.

Late Enrollment and Delinquent Payments

Late enrollment fees are applicable to those students who have not processed their enrollment statement of charges through the Business Office on the dates set and published as the last day to pay without a late fee (August 26). Late enrollment fees apply to TV Courses.

Students who do not meet this deadline shall be charged a single late fee according to the number of credits in which they are enrolling:

Credits	Late Fee
0.5 – 3.00	\$ 25.00
3.50 – 6.00	\$ 50.00
6.50 – 9.00	\$ 75.00
9.50 or more	\$100.00

The deadline for completing the enrollment process, with late fee, shall be September 9. No student shall be allowed to clear the Business Office after this date without authorization.

Out-of-sequence courses starting after the regular registration period and scheduled for periods other than the full semester are

not subject to the late registration fees. TV courses are not out-of-sequence courses. Drop/adds after initial registration will not be assessed a late fee.

Delinquent payment fees are applicable to those students who have not paid their installment payment on or before the due date specified. Delinquent payment fees are \$25.00 for each late payment. (A postmark on or before the due date will be accepted as timely payment.)

Installment payments may be made after 5:00 p.m. and before 8:00 a.m. at the depository box outside of Morgan 205. Please use the envelopes provided and print your WIN # on the envelope or your payment. Payments may also be made by mail, by phone, or 24/7 via the Web.

Procedures for Withdrawing from Classes

Students may withdraw from courses on the Web until the last day to withdraw (November 4). After accessing MyWashburn, select "Web Enrollment", "Select Term", choose "Fall 2005", and then select "Register for Courses." This screen allows you to drop courses from your existing schedule. The date of withdrawal is determined by the day the withdrawal is processed on the Web. The responsibility for completing the withdrawal process rests with the student. Failure to officially withdraw results in the recording of "F" grades at the end of the semester/term.

Tuition Refunds (Refund policy is subject to change.)

The University reserves the right to correct clerical errors.

A student permitted to withdraw may be allowed a refund of the University tuition charge for an academic session in which she or he is enrolled according to the published tuition refund schedule. Tuition refunds different from the published schedule are not permitted unless the course is canceled by the University or unless an error was made by the University. No refunds will be made of the late registration fee or student activity fee unless such charges have been made through an error of the University. In the event some or all of the tuition and fees were paid by some source(s) other than the student, including but not limited to scholarships, grants, Federal Title IV funds, the first refund amounts will be made payable to those sources. If the student has any unpaid account with the University any refund due from withdrawal may be applied to such account. Any refund amounts that exceed the amounts paid by other sources and amounts due to the University will then be paid to the student. For those students who completely withdraw from classes and have received Federal Title IV funds, please refer to the refund policy published through the Financial Aid Office to determine the percentage of refund. Refunds issued for withdrawal are not on the same timetable as excess financial aid refunds.

The refund policy for credit courses that are less than five weeks duration and more than one day is 100% if the student processes the official withdrawal prior to the first class session.

The first business day after the officially published days of registration constitutes the beginning of the semester for tuition refunds. For courses which are scheduled out-of-sequence of the regular Fall, Spring, and Summer sessions, the day published as the official first class meeting for the course constitutes the beginning of the course for tuition refund purposes, assuming the course is for a term of five or more weeks and is subject to tuition refund.

Tuition Refund Schedule

Tuition is refundable according to the published schedule. The date used to determine the percentage of refund is the day the student processes the withdrawal on the Web. The activity fee and any late registration fees are not refundable. For those students who completely withdraw from classes and have received Title IV funds, please refer to the refund policy published through the Financial Aid Office to determine the refund percentage.

August 20 – September 2 inclusive	100%
September 3 - 9 inclusive	60%
September 10 - 16 inclusive	30%
September 17 - 23 inclusive	20%
After September 23	NONE

Short Term Classes

Fees refunded 100% if the student processes the official withdrawal on the Web prior to the beginning of the class.

Deferred Payment Obligations (Installment Plans)

The University's tuition refund policy is not affected by a student electing the deferred payment method. In such event, the refund shall be calculated by multiplying the total tuition charge for the academic session in which such student is enrolled by the appropriate percentage to determine the amount to be retained by the University. The University shall retain from any payments made to it the amount of University fees charged and the amount of tuition payment to which it is entitled under the refund schedule. If a student on deferred payment withdraws from courses, any outstanding deferred payment obligation, taking into consideration the amount of tuition then due and owing to University under the refund schedule, must be paid in full.

Refund Due to Serious Illness or Injury

If a student is unable to complete a semester or term due to serious illness or injury, the student must present an affidavit signed by a licensed health care provider certifying the circumstances. This affidavit is available in the University Registrar's Office, and the completed form should be directed to the University Bursar's Office. If the request relates to a semester other than the current one, the VPAA's Office must approve the academic withdrawal. Based on an approved request, the student will be withdrawn from all his/her courses and refunded the tuition and fees for the semester/session, provided the student has personally and fully paid all outstanding tuition and fees, and has no other outstanding University financial obligations.

If the above student has received Title IV federal financial aid, then the current "Return of Title IV Funds" policy will be applied according to PL 105-244, Sec 484B, 64FR59016. (Federal Pell Grants are only adjusted based on the student's enrollment status during the first week of classes.) A student eligible for a tuition refund based on serious illness or injury and a complete withdrawal from classes that occurs after completion of 60% of the semester/session is not subject to Federal "Return of Title IV Funds" policy, and is considered to have earned their Federal Title IV aid. In this event, a tuition refund will be made first to University scholarships and finally to the student.

Refund Due to Death of Student

If a student should die during a semester/session in which the student is duly enrolled, the student's estate will be refunded the tuition and fees based on the above stated policies. To

initiate this process, the family may contact the Student Life Office.

Non-Credit Hour Courses

Due to the unique nature of the various programs offered, cancellations and refunds may be different depending on the program or course. If you are unable to attend a course, please refer to the cancellation and refund policy established for each program as indicated in the program brochure, on the program web page, or by contacting the coordinator responsible for the program. If a policy is not specified, the Division must receive your request for a refund no later than three (3) business days prior to the start of the program to receive a full refund. Residency

The residency status of a student for the purpose of paying tuition to Washburn University is determined at the time the student applies or reapplies to the University. If a new student questions the status that was assigned, he/she should contact the Office of Admissions for further information and instructions. Current students classified as non-residents who have continuously lived in Kansas for at least six months, have continued to attend Washburn without having to reapply, and believe that they have met residency requirements as described under "Residence Qualifications" of the University Catalog, may contact the Office of the University Registrar for information and instructions to have their status reviewed. The deadline for contacting the appropriate office and for completing and providing all necessary documentation for review is September 19, 2005 for the Fall 2005 semester.

Policies Affecting Your Rights & Responsibilities

Procedure for Contesting Grades

The College and Schools, except the School of Law

The obligation of the instructor to evaluate the performance of students on sound academic grounds is basic to the formal education process. A student who believes the grade awarded him/her by an instructor is based upon reasons other than the student's academic performance may appeal the grade received in a course as follows.

a. Consultation with the Instructor

A student must first attempt to resolve his/her dispute concerning the final grade received in a course through consultation with the instructor of the class. Such consultation normally shall take place following award of the grade but in no event shall such consultation take place later than the fourth week of the next regular academic semester following the award of the grade. In the event the course instructor is no longer at the University or is on a leave of absence during the semester following the contested grade or the instructor shall have refused to consult with such student, the student may proceed to the next stage, mediation by the Department Chair (where such exists). If no Department Chair exists, the next stage is mediation by the Dean of the College or School in which the course was offered (see Step c).

b. Mediation by the Department Chair

If the student is dissatisfied with the result of his/her consultation with the instructor or the student shall have been unable to meet with the instructor because of the instructor's refusal to meet or absence, the student may seek mediation of the matter with the Department Chair in the unit in which the course was offered. The Department Chair must be notified in writing by the student of his/her intention to continue the appeal process. Such notification must be received within 10 working days of the day on which the student/instructor consultation has been completed. The process shall be terminated if notification is not received within the 10 working days. The instructor shall make available to his/her Department Chair all of the materials and criteria which entered into the determination of the student's final grade in the course. The student shall provide the Department Chair, in writing, the grounds for contesting the grade by the instructor. After receiving and reviewing these materials, the Department Chair shall meet with the student and the instructor, either jointly or separately, to attempt to mediate the dispute about the contested grade.

c. Mediation by the Dean of the College or School in which the course was offered

If the student is dissatisfied with the result of his/her consultation with the instructor or the student shall have been unable to meet with the instructor because of the instructor's refusal to meet or absence, the student may seek mediation of the matter with the Dean of the College or School in which the course was offered. The Dean must be notified in writing by the student of his/her intention to continue the appeal process. Such notification must be received within 10 working days of the day on which the student/Department Chair consultation has been completed. The process shall be terminated if notification is not received within the 10 working days. The instructor shall make available to his/her Dean all of the materials and criteria which entered into the determination of the student's final grade in the course. The student shall provide the Dean, in writing, the grounds for contesting the grade by the instructor. After receiving and reviewing these materials, the Dean shall meet with the student and the instructor, either jointly or separately, to attempt to mediate the dispute about the contested grade.

d. Appeal to Grade Appeal Committee

If, after mediation with the Dean as provided above, the student is still dissatisfied with the result, she/he may file a notice of appeal with the Dean, which shall specify the relief requested and provide a written summary of the grounds for appeal to the Grade Appeal Committee. Such notification must be received by the Dean within 10 working days of the day on which the student/instructor consultation has been completed. The process shall be terminated if notification is not received within the 10 working days. Upon receipt of the notice of appeal, the Dean shall forward it and all materials submitted by the instructor and student during the mediation process to the Vice President for Academic Affairs. The Vice President for Academic Affairs, upon receipt of the notice and

materials, shall appoint and convene a committee of five persons, comprised of three faculty members (two from the same department or area, one faculty from another department or area), and two students, to serve as the Grade Appeal Committee. At its first meeting, the Grade Appeal Committee shall select its chairperson and set the date, time and place for the appeal to be heard. Sexual Harassment Policy

Washburn University intends to assure a harassment-free environment in which to work and to pursue educational goals. Sexual harassment is a form of misconduct which undermines the integrity of employee relationships and student-faculty relationships.

Employees: Harassment on the basis of sex is defined by Section 703 of Title VII of the Civil Rights Act of 1964 as: Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, (2) submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual, or (3) such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment.

Students: Sexual harassment of students is a violation of Title IX of the Education Amendments of 1972, which prohibits sex discrimination in education. Academic sexual harassment is the use of authority to emphasize the sexuality of a student in a manner which prevents or impairs that student's full enjoyment of educational benefits, environment or opportunities. Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when (1) the conduct has the purpose or effect of interfering with the individual's academic performance, or of creating an intimidating, hostile or offensive educational environment (2) imposed by an employee or agent of Washburn University which denies, limits, conditions or provides different aid, benefits, services or treatment.

All persons must be allowed to pursue their activities at Washburn University free from unsolicited and unwelcome sexual overtures or conduct. The administration of Washburn University strongly disapproves of such inappropriate conduct and will not tolerate its occurrence.

Complaints of sexual harassment should be made verbally or in writing to Carol L. Vogel, Equal Opportunity Director, Morgan Hall 380A, 231-1010, x 1509.

Equal Opportunity Policy Statement

It is the policy of Washburn University to assure equal educational and employment opportunity to qualified individuals without regard to race, color, religion, age, national origin, ancestry, disability, sex, marital or parental status or sexual orientation.

Equal educational opportunity includes, but is not limited to, admissions, recruitment, extracurricular programs and activities, housing, facilities use, access to course offerings, counseling and testing, financial aid, health services and employment. Equal employment opportunity includes, but is not limited to, recruitment, hiring, assignment of duties, tenure and promotion determinations, compensation, benefits, training and termination.

It is University policy to have positive action taken to assure the full realization of equal opportunity for all who work for the University. Special efforts will be made to identify promising minority persons and women for positions in all areas and at all levels in which these groups are under-utilized relative to their availability. All selections will be based solely on the candidates' qualifications to carry out the duties that the positions require, knowing that such actions can only result in raising the quality and competence of faculty and staff.

The administration of Washburn University is committed to its support of the principles of equal opportunity for students, faculty and staff. Each unit within the University is charged with conducting its practices in conformity with these principles and in accordance with the Affirmative Action Plan. Responsibility for monitoring and implementation of this policy is delegated to the Affirmative Action Director*; however, all personnel will share in the specific activities necessary to achieve these goals.

*The Equal Opportunity Director is Carol Vogel, MO 380A, 231-1010, x 1509.

Student Conduct Code

The students of Washburn University are responsible for complying with policies, standards, rules, and requirements for academic and social behavior formulated by the University community. At the same time, students have protection through orderly procedures against arbitrary or capricious actions or decisions by University authorities. Due process is recognized as essential to the proper enforcement of University rules. The purpose of this document is to provide a procedure and rules by which a student will be afforded due process in the matter of alleged violations of University standards, rules and requirements governing academic and social conduct of students.

Prohibited behaviors include, but are not limited to: disruption and disorderly conduct which interferes with the rights and opportunities of other students to pursue their academic studies; theft or malicious

Academic Impropriety Policy

The grades and credits earned by college students in their courses provide an important measure of the quality and extent of their academic achievements. Preserving the integrity and significance of grades and credits is a professional responsibility of the teaching faculty, but requires the cooperation and support of students. The present policy is designed to assist faculty and students in this task. First, it identifies the basic presumption underlying the integrity and significance of academic grades and credits. Second, it defines as academically improper, and officially forbids, all forms of student behavior that undermine, or that could reasonably be interpreted as undermining, the validity of this basic presumption. Finally, it requires faculty to take reasonable steps to prevent such behavior from occurring and to take appropriate academic action when it does occur.

The Basic Presumption--Grades or credits are fair and equitable measures of academic achievement only on the presumption that the academic work submitted by each student is his or her own and is created under course conditions or rules (e.g., time and resources allowed for the completion of an examination) common to all students in that course. The moment this presumption's validity is reasonably doubted, the integrity of grades and credits as signs of actual academic achievement is seriously undermined. Therefore, it is incumbent on students and faculty alike to ensure that the validity of the basic presumption is preserved beyond any reasonable doubt.

For a complete copy of the Academic Impropriety Policy, contact the Vice President for Academic Affairs Office, Morgan Hall 262.

If no release of information to public inquiry is desired, a separate form must be submitted in the Office of the University Registrar. The form may be submitted throughout the year and becomes effective when submitted.
