# Summer 2009 Travel Courses

AN372XA ARCHAEOLOGICAL FIELD SCHOOL

Travel Dates: May 18 - June 5

Instructor: Margaret Wood, Ph: (785) 670-1611, <a href="margaret.wood@washburn.edu">margaret.wood@washburn.edu</a>
The 2009 Summer Archaeological Field School in the community of Nicodemus, (the first and only remaining western town established by and for African Americans at the end of the Reconstruction period – 1877), in northwestern Kansas, is the second phase of a multi-year project designed to explore the early settlement of the community. Students will survey, identify, map and excavate archaeological features in order to piece together the everyday lives and extraordinary struggles of this unique and important community. This course is

designed to teach students the basic skills of archaeological fieldwork including pedestrian survey to identify sites and features, stratigraphic excavation, survey and mapping, artifact identification, and archaeological record keeping.

# AR399A/TH399C ART AND THEATRE IN LONDON

Travel Dates: May 18 - May 29

Instructors: Marguerite Perret, Ph: (785) 670-2203, <a href="marguerite.perret@washburn.edu">marguerite.perret@washburn.edu</a>;

Paul Prece, Ph: (785) 670-2245, paul.prece@washburn.edu

An interdisciplinary exploration of the intersection of the visual and theatrical arts within an international context. The theatre has always relied on artists for set design and costuming, and the visual arts have always helped to "set the scene" in public buildings, churches and through theatrical themes in painting and sculpture. This course explores the intersection of art and theatre in London including the art of theater (behind the scenes),

theatrical productions, the theatrical impulse in visual art, and performance art and video. Students will engage in daily discussions, a series of essay assignments, photomontage and drawing assignments in the exploration of the intersection of the visual arts and theatre. Students will experience a variety of theatrical productions and see visual arts displays in both contemporary and historical contexts. Each visit will involve behind the scenes interpretation in the form of conversations with curators and theatre professionals, and analysis and integration of the content through student essays, drawing and photography assignments, and structured discussions.

# CN363A INTERCULTURAL COMMUNICATION

Travel Dates: May 20 – June 1

Instructor: Tracy Routsong, Ph: (785) 670-2233, <a href="mailto:tracy.routsong@washburn.edu">tracy.routsong@washburn.edu</a>
EXPERIENCE CHINA! Through the urban streets of Beijing, Xi'an, and Tianjin to a rural village beyond the city borders, students will learn about intercultural communication and the impact it has upon our interactions. Before and after the trip we will meet as a class as we prepare and reflect upon our discoveries, both of Chinese co-cultures and our own.

#### HI3001/PE315X SPORT AND CULTURAL HISTORY OF EUROPE

Travel Dates: May 18 - May 27

Instructors: Ross Friesen, Ph: (785) 670-2203, <a href="mailto:ross.friesen@washburn.edu">ross.friesen@washburn.edu</a>;
Alan Bearman, Ph: (785) 670-2245, alan.bearman@washburn.edu

Join us for a 10 day travel experience to understand the impact of sport upon modern Europe. To many modern American students, professional and, increasingly, collegiate sports are a corporate event with little connection to modern-life. Modern European nations typically have a more complicated relationship with their sporting culture. To fully appreciate the impact of sporting traditions upon European culture (particularly working class culture) and history, this course will take us into the field to study the people, geography, stadiums, culture and hopes that are sports in England and Eropea. This course will also invite students to explore Landan's plane to use the

in England and France. This course will also invite students to explore London's plans to use the 2012 Olympics to transform the long-neglected and economically deprived region of the East End.

Traveling somewhere else? We have more than 90 online courses offered this summer!

# **ENROLLMENT GUIDELINES FOR STUDENTS**

- 1. A student may enroll in as many as 9 hours concurrently during the Summer Term, provided no more than 6 hours are taken in the same early or late session or shorter term. A student may petition the Dean of the academic unit where the student is declared to enroll in additional hours (undeclared students go to the Dean of the College of Arts and Sciences).
- 2. Undergraduate courses in which the student receives a D or an F may be repeated. Only the repeated grade will be included in determining the cumulative grade point average. It is the responsibility of the student to report repeated courses to the University Registrar's Office. Repeated courses will also be noted by the University Registrar's Office when such circumstances are identified. Students who are taking graduate courses may repeat courses in which they received a grade of C, D, or F if the repeat is granted by the dean/chair of the department offering the course.
- 3. A/pass/fail option may be selected for one course each specific summer session outside the major area of study with 24 hours and a 2.0 GPA. Through June 22 for the Early Session, July 7 for the Full Session, and July 21 for the Late Session, students are allowed to switch from A/pass/fail status to grade status or grade to A/pass/fail status (if qualified). However, only one course per session (in addition to any courses taught only A/pass/fail) may be so selected.
- 4. Students enrolled for Audit may convert to credit status by June 2 for the Early Session, June 4 for the Full Session, or July 2 for the Late Session. Students may not change from grade or A/pass/fail to audit after June 5 for the Early Session, June 10 for the Full Session, or July 6 for the Late Session.
- 5. Students withdrawing from the Early Session by June 4, the Full Session by June 8, or the Late Session by July 4 will not have W's recorded on their transcripts.
- 6. Course Number: Junior status is required for enrollment in English 300. Courses numbered 400 499 are also open to graduate students. Courses numbered 500 599 are open to graduate students only.
- 7. Prior to enrolling in EN300, all students must complete the EN300 Placement Exam (see page 10).

# **TUITION AND FEES**

At Washburn University, we are fully committed to using the resources we have available to fulfill our mission (page 1). We invest in our students by striving for excellence in our academic offerings, and in providing superior customer service. While Washburn University makes a special effort to help our students achieve their educational goals, the ultimate responsibility rests with each student. Individual student responsibility is also expected for financial obligations. Financial aid and alternative payment arrangements may assist students in meeting their obligations, but IT IS THE RESPONSIBILITY OF EACH STUDENT TO PAY ALL OUTSTANDING COSTS OF COLLEGE ATTENDANCE ON A TIMELY BASIS, as defined by University policies. Failure to remit outstanding balances due to Washburn University within published deadlines will incur penalties as defined in this policy. It is not the intention of Washburn University or the Business Office to be punitive in enforcing this policy, but to ensure the University will continue to have the financial resources necessary to provide the quality education students expect to receive.

No activity fees are charged on undergraduate courses during the summer term.

# **Payment of Tuition**

The University reserves the right to correct clerical errors. Summer 2009 tuition and fees are due in full by the last published date to enroll without a late fee for each specific summer session – Early Session - Thursday, June 4; Full Session - Monday, June 8; Late Session - Saturday, July 4. Charges and payments will be assessed to registered students on May 1, 2009 and automatically thereafter as they enroll. Students who have completed advance/open registration but do NOT intend to attend Washburn during the Summer 2009 term MUST drop their courses via the web. Students MUST withdraw to avoid charges for which they will be liable.

Through the web enrollment process, the student is able to pay online with a credit card or Web check. Either method is accomplished through IBOD, Washburn's Ichabod Billing on Demand System, within my.washburn.edu "Students" tab. Electronic checks are generally processed by banks before paper checks and

\$472 per credit hour

\$341 per credit hour

\$591 per credit hour

\$253 per credit hour

automatic payments from credit cards are processed daily; please take this into account.

The University will accept Master Card, Visa, Discover and American Express credit card payments. These may be made on the Web, in person, or by phone. In addition, the University accepts cash, paper checks, money orders, and employer authorizations. In a case where a student has remitted a check that has been returned for insufficient funds, no personal checks will be accepted to repay that obligation. Any scholarships, grants, or loans coming through Financial Aid to the student's account will be applied first to tuition and fees. Students are able to check whether or not the Financial Aid is ready by accessing their student account online.

If a student has no holds on his/her account and cannot pay the full amount of tuition and fees prior to the first class, a payment plan\* of four monthly installments is available via IBOD.

\*Please note that there is only one payment plan for summer, no matter which session(s) are enrolled in. No interest is charged for an installment plan, but a \$30 set up fee will be charged.

Through IBOD, students and authorized users have the ability to check the current balance, together with the detail to monitor outstanding charges and payments. It is the student's responsibility to pay all outstanding charges by the payment deadline, which is the last published date to enroll without a late fee for each specific summer session – <a href="Early Session">Early Session</a> - Thursday, June 4; <a href="Eull Session">Full Session</a> - Saturday, July 4.

# "IBOD" – Ichabod Billing on Demand PRINTED STATEMENTS ARE NOT MAILED

LOG INTO my.washburn.edu, choose "Students" tab, and click on "IBOD," to:

- Print Statements of Account from the web for your records, reimbursement by an employer, or to send in with payment.
- Set up an installment plan and pay for it online or with more traditional methods.
- Set up online payment from a checking or savings account or credit card and have reminder emails sent to you.
- Set up direct deposit authorization for refunds of excess financial aid.
- Set up parents or others as authorized users. Those authorized users can then:
  - view the student's financial account;
  - set up automatic payment arrangements or make online payments with credit card or web check, in addition to traditional payment methods; and
  - discuss the student's account with the Business

**IBOD e-bills** are refreshed periodically throughout the semester and **may not reflect recent activity.** Check

"Current Activity" to see the most recent activity on the account.

In addition, students will be notified via MyWashburn email when activity occurs on their accounts (e.g. when charges are assessed, financial aid released, a payment is due, a late charge is assessed). Authorized persons will receive these emails as well, unless the student revokes the authorization.

Information accessed via the web will be the most current available to the student. Students should check their accounts frequently to make sure they have the latest information.

# **Liability for Charges**

Once a student has enrolled in classes, she or he is **liable** for tuition and fee charges unless the student withdraws from classes via the web.

Tuition charges for **classes** from which a student has withdrawn will be removed from the student account according to the following schedule for Summer 2009:

Early Session:	June 1 – June 4	100%
	June 5 – June 9	50%
Full Session:	June 1 – June 8	100%
	June 9 – June 14	50%
<b>Late Session</b>	July 1 – July 4	100%
	July 5 – July 9	50%

Tuition charges for <u>out-of-sequence courses</u> from which a student has withdrawn will be removed according to a <u>prorated schedule</u>. Contact the business office at (785) 670-1156 if you have questions.

Having tuition charges removed from the student account does not necessarily mean there will be a refund. In fact, if withdrawal from one or more classes results in having financial aid removed as well, the student may owe a balance. Students considering withdrawing from one or more classes need to be sure that the financial implications are clearly understood before withdrawing.

If a student withdraws from one or more classes in which she or he has enrolled, it may be necessary to return all or a portion of the Title IV financial aid (e.g. loans) that was received as required by Federal regulations. This means that if the student was refunded excess financial aid, she or he will have to repay Washburn University for the amount of aid that has been returned.

Please note that the student activity fee is refundable up to the first day of class; and is non-refundable once class begins, even if the student withdraws from all classes. Refunds and/or charges due to a student leaving campus housing are governed by the terms of the housing contract.

# Refunds

If a student account has a credit balance, a refund will be generated, except in the case of non-refundable payments, such as from a third party. The preferred method of disbursement of excess financial aid is via direct deposit to a student checking or savings account, (which the student sets up via MyWashburn, "Students" tab, IBOD, Personal Profile, Payment Profile). Parents will receive any excess funds for Parent PLUS loans by mail.

Students may request that a check be mailed, or they may pick up a check – specific dates, times and places for that process will be posted on MyWashburn, on the Business Office Web page (www.washburn.edu/business-office.html), and via email to students and authorized users. You will be able to change your mailing address through your MyWashburn account. **PLEASE** make sure that your address information is correct. Checks are mailed to a student's **current** address.

Due to the unique nature of the various programs offered, cancellations and refunds for non-credit offerings may be different depending on the program or course. If a student is unable to attend a course, she or he should refer to the cancellation and refund policies established for each program as indicated in the program brochure, on the program web page, or contact the coordinator responsible for the program. If a policy is not specified, the Division of Continuing Education must receive the request for a refund no later than three (3) business days prior to the start of the program to receive a full refund. No refunds will be granted once the program begins.

# **Delinquent Payments**

Unpaid balances are subject to the imposition of late charges and may incur collection fees should we need to use a collection agency to recover the balance.

Additionally, a Business Office hold will be placed on the account, which will prevent the release of transcripts and diplomas, as well as preventing enrollment in subsequent terms. Beginning with the Spring 2009 term, ALL outstanding charges must be paid before enrollment in subsequent terms will be permitted.

Late charges are applicable to those students who have not paid their outstanding balances or set up an installment plan before June 1, 2009. Students who do not meet this deadline will be charged a single late fee according to the number of credits in which they are enrolling:

Credits	Late Fee
0.5 - 3.00	\$ 25.00
3.50 - 6.00	\$ 50.00
6.50 - 9.00	\$ 75.00
9.50 or more	\$100.00

Delinquent payment fees are applicable to those students who have not paid their installment payment on or before the due date specified. Delinquent payment fees are \$25.00 for each late payment.

Installment payments may be made in the Business Office during regular office hours or after 5:00 p.m. at the

depository box outside of Morgan Hall Room 205. Payments may also be made by mail, by phone, or 24/7/365 via IBOD.

Students with financial aid should check to make sure financial aid has been released to their student accounts by the payment deadline. If a student's financial aid is delayed because his/her FAFSA was not submitted in a timely manner, or other requirements to receive financial aid were not completed in a timely manner, the student will still be obligated to meet the payment in full deadline for each specific summer session – Early Session – Thursday, June 4; Full Session - Monday, June 8; Late Session - Saturday, July 4. If the disbursement of financial aid to the student account is delayed through no fault of the student, the late charge will be waived provided the student has paid any balance not to be covered by financial aid by the payment deadlines above.

#### **Additional Information**

Classes added after the initial enrollment will be charged 100% of the tuition rate. (Tuition and/or fees are never prorated.)

Tuition charges for classes from which a student has withdrawn will be removed according to the schedule given above. There are a few exceptions; such as transferring from one section of a class to another (e.g., EN300A to EN300C) or in case of a notification by the registrar of a duplicate class.

The tuition charge per credit hour is applicable to all parts of term such as regular semester, evening programs, etc., whether taken for credit or audit.

Online credit courses are available in a variety of subjects. These courses require that you have access to the Internet or use the campus computer labs to access MyWashburn and course materials. Some of the courses require periodic on-campus sessions or proctored exams.

To view the list of online courses, go to http://www.washburn.edu/online-education/ and click the Class Schedule Search link. You may enroll in an online course the same way you enroll in any other WU credit courses (refer to the Registration Information Guide for specific enrollment information). To access online courses, faculty and students must login to MyWashburn at http://my.washburn.edu. Online courses are located on the MyCourses tab in MyWashburn. Online courses will open in a new window. Students should check their computers for pop-up blockers and allow pop-ups from washburn.edu. Students should also change their MyWashburn time out setting from the default value in "My Account Preferences" inside MyWashburn to at least 120 minutes to avoid timing out while working in an online course. Care should be taken to log out completely when finished. All students enrolled in online courses have access to the WebCT Student Orientation. The link to the orientation is on the MyCourses tab of MyWashburn in the WebCT @ WU channel. Students new to online classes are strongly encouraged to read the orientation material before or during the first week of classes.

The student orientation covers each of the WebCT tools and answers some of the most commonly asked questions. For technical support with online classes e-mail **webtech@washburn.edu** or call (785) 670-2381. Phone support is available Monday through Friday, 8 a.m. – 5 p.m. central time. E-mail support is available all the time except for official holidays and University closings. Average response time for e-mail support is 8 to 12 hours. Face-to-face WebCT Student Orientations are held on Washburn's campus during the first two weeks of classes. Orientation dates are sent out to all students' MyWashburn e-mail addresses and are posted on announcements placed throughout the Washburn campus prior to the first day of classes.

#### **Financial Aid**

# www.washburn.edu/financial-aid

Washburn University students who want to apply for summer 2009 financial aid must have the 2008-2009 FAFSA information on file in the Financial Aid Office. To apply for federal financial aid, please go to http://www.fafsa.ed.gov. Students must also complete a Washburn Summer School Financial Aid Application to indicate their summer enrollment plans. The summer application is available on our web site at http://www.washburn.edu/financial-aid.

Summer is treated as a "trailer" to our previous fall and spring semesters. If a student has not utilized their Stafford loan eligibility and/or Federal Pell Grant eligibility for the fall and spring semesters, there may be remaining eligibility for the summer session. For financial aid purposes, undergraduates must be enrolled in 12 credit hours to receive full-time financial aid, and 6 credit hours for half-time. Graduate and law students must be enrolled in 6 credit hours for full-time financial aid, and 3 credit hours for half-time. For students who have maximized their federal Stafford loan eligibility, private loans may be an option. Campus based funds are only available if not fully expended for the previous fall and spring semesters.

If you have any questions, the Financial Aid Office invites you to stop by Morgan Hall Room 267 or call (785) 670-1151 or (800) 524-8447. You may also call for a personal appointment with a financial aid director, or email us at financialaid@washburn.edu.

# **Drop/Adds** (Class schedule changes)

Drop/Adds can be done any time the Web is available to you up to the last day to withdraw. You can keep track of that by checking your account on the Web. <u>DROPS AND ADDS ARE FIGURED SEPARATELY</u>, so in order to drop and add an equal number of class hours without any charge, you must do that within the published 100% refund period (page 7).

Making changes to your course schedule may cause you to have an amount you owe to the University. Please check this via my.washburn.edu. If an action causes you to have a credit balance, the credit will either be applied to your account, if you have a balance, or the excess will be direct deposited or mailed to you in check form according to your instructions. Please be sure your address in MyWashburn is correct.

# **Procedures for Withdrawing from Classes**

Students may withdraw from semester courses on the Web until the last day to withdraw (Early Session – June 22; Full Session – July 7; Late Session – July 21). The date of withdrawal is determined by the day the withdrawal is processed on the Web. The responsibility for completing the withdrawal process rests with the student. Failure to officially withdraw results in the recording of "F" grades at the end of the semester/term, and in being responsible for all assessed charges. Specific deadlines for all courses, including out-of-sequence courses, can be found on MyWashburn by selecting the Student Tab and then selecting "Last Day" deadline for courses under the Registration section of Student Self-Service.

# **Military Withdrawals**

Students who are called to active duty and must withdraw from classes as a result, should contact the Dean of Students, Student Life Office, Morgan Hall Room 104, (785) 670-2100, or email at meredith.kidd@washburn.edu.

# **Medical Withdrawals**

If a student is unable to complete a semester or term due to serious illness or injury, the student may withdraw

from courses by the Last Day to Withdraw (Early Session -June 22; Full Session – July 7; Late Session – July 21). Withdrawal DOES NOT CHANGE the student's financial obligation to the university. For withdrawals with a medical basis after that date, students must present an affidavit signed by a licensed health care provider certifying the circumstances. This affidavit, as part of a Medical Withdrawal information packet is available in the University Registrar's Office, and the completed form should be directed to the Office of the Vice President for Academic Affairs (VPAA). If the request relates to a semester other than the current one, the VPAA Office must also approve the academic withdrawal. Based on an approved request, the student will be withdrawn from all his/her courses, and will receive a "W" on his/her transcript for those courses. There will be NO REFUND for this procedure. Only withdrawals processed during the published refund schedule (page 7) will generate any kind of refund of tuition and fees.

If the student has received Title IV federal financial aid, then the current "Return of Title IV Funds" policy will be applied according to PL 105-244, Sec 484B, 64FR59016. (Federal Pell Grants are only adjusted based on the student's enrollment status during the first two weeks of classes.) A student eligible for a withdrawal from classes based on serious illness or injury and that occurs after completion of 60% of the semester/session is not subject to Federal "Return of Title IV Funds" policy, is considered to have earned their Federal Title IV aid.

#### Withdrawal Due to Death of Student

If a student should die during a semester/session in which the student is duly enrolled, the student's estate will be refunded the tuition and fees based on the above stated policies. To initiate this process, the family may contact the Student Life Office.

# Residency

The residency status of a student for the purpose of paying tuition to Washburn University is determined at the time the student applies or reapplies to the University. If a new student questions the status that was assigned, he/she should contact the Office of Admissions for further information and instructions. Current students classified as non-residents who have continuously lived in Kansas for at least six months, have continued to attend Washburn without having to reapply, and believe that they have met residency requirements as described under "Residence Qualifications" of the University Catalog, may contact the Office of the University Registrar for information and instructions to have their status reviewed.

#### **Final Grades**

Final grades will be able to be viewed on the Web the next day after semester grades are due through your MyWashburn account. Grades will not be given over the telephone.

# **Degrees**

Degrees for the Summer 2009 term will be dated July 30, 2009. All work not completed (i.e. incomplete grades, etc.) by July 30 will result in graduating the following semester/term or later. Transfer work must be received by August 14, 2009 to count for Summer 2009 graduation.

Application for Degree – Students planning completion of the associate, baccalaureate, or master's degree for Summer should have filed the Application for Degree form in the University Registrar's Office, Morgan Hall Room 115, by February 6, 2009, if you plan to attend Commencement in May 2009. If you do not plan to attend Commencement in May, you may submit your Application for Degree by June 5, 2009, for summer graduates.

# **Diploma Designations**

Majors and minors are not designated on the diploma; however, they are reflected on the transcript. If a student adds a major/minor to a degree after the diploma is issued, the additional designation will be reflected on the transcript. An additional diploma will not be issued. Only Latin honors (Summa Cum Laude, Magna Cum Laude, and Cum Laude) are designated on undergraduate, bachelor degree diplomas. In addition to Latin honors, Stoffer Honors, Departmental and School Honors, and University Honors are posted on the transcript.

#### PROCEDURE FOR CONTESTING GRADES

(The College and Schools, except the School of Law)
The following grade appeal procedure applies to the
College and the Schools, not the School of Law. The
obligation of the instructor to evaluate the performance
of students on sound academic grounds is basic to the
formal education process. A student who believes the
grade awarded him/her by an instructor is based upon
reasons other than prohibited discrimination may appeal
the grade following the procedures below. A student who
believes the grade was on account of discrimination on
the basis of race, color, religion, age, national origin,
ancestry, disability, sex, marital or parental status or
sexual orientation may appeal the grade following the
University's procedure for complaints of discrimination.

# a. Consultation with the Instructor

A student must first attempt to resolve his/her dispute concerning the final grade received in a course through consultation with the instructor of the class. Such consultation normally shall take place following award of the grade but in no event shall such consultation take place later than the fourth week of the next regular academic semester following the award of the grade. In the event the course instructor is no longer at the University or is on a leave of absence during the semester following the contested grade or the instructor shall have refused to consult with such student, the student may proceed to the next stage, mediation by the Department Chair (where such exists). If no Department Chair exists, the next stage is mediation by the Dean of the College or School in which the course was offered (see Step c).

# b. Mediation by the Department Chair

If the student is dissatisfied with the result of his/her consultation with the instructor or the student shall have been unable to meet with the instructor because of the instructor's refusal to meet or absence, the student may seek mediation of the matter with the Department Chair in the unit in which the course was offered. The Department Chair must be notified in writing by the student of his/her intention to continue the appeal process. Such notification must be received within 10 working days of the day on which the student/instructor consultation has been completed. The process shall be terminated if notification is not received within the 10 working days. The instructor shall make available to his/her Department Chair all of the materials and criteria which entered into the determination of the student's final grade in the course. The student shall provide the Department Chair, in writing, the grounds for contesting the grade by the instructor. After receiving and reviewing these materials, the Department Chair shall meet with the student and the instructor, either jointly or separately, to attempt to mediate the dispute about the contested grade.

# Mediation by the Dean of the College or School in which the course was offered

If the student is dissatisfied with the result of his/her consultation with the instructor or the student shall have been unable to meet with the instructor because of the instructor's refusal to meet or absence, the student may seek mediation of the matter with the Dean of the College or School in which the course was offered. The Dean must be notified in writing by the student of his/her intention to continue the appeal process. Such notification must be received within 10 working days of the day on which the student/Department Chair consultation has been completed. The process shall be terminated if notification is not received within the 10 working days. The instructor shall make available to his/her Dean all of the materials and criteria which entered into the determination of the student's final grade in the course. The student shall provide the Dean, in writing, the grounds for contesting the grade by the instructor. After receiving and reviewing these materials, the Dean shall meet with the student and the instructor, either jointly or separately, to attempt to mediate the dispute about the contested grade.

# d. Appeal to Grade Appeal Committee

If, after mediation with the Dean as provided above, the student is still dissatisfied with the result, she/he may file a notice of appeal with the Dean, which shall specify the relief requested and provide a written summary of the grounds for appeal to the Grade Appeal Committee. Such notification must be received by the Dean within 10 working days of the day on which the student/instructor consultation has been completed. The process shall be terminated if notification is not received within the 10 working days. Upon receipt of the notice of appeal, the Dean shall forward it and all materials submitted by the instructor and student during the mediation process to the Vice President for Academic Affairs. The Vice President for Academic Affairs, upon receipt of the notice and materials, shall appoint and convene a committee of five persons, comprised of three faculty members (two from the same department or area, one faculty from another department or area), and two students, to serve as the Grade Appeal Committee. At its first meeting, the Grade Appeal Committee shall select its chairperson and set the date, time and place for the appeal to be heard. The committee shall advise the student and the instructor of the hearing date.

#### (i) Hearing

The hearing will take place before the entire committee. The burden of proof rests with the student who shall, during the course of the hearing on the contested grade, be responsible for presenting evidence to support the claim. The hearing will be informal and the formal rules of evidence shall not be applicable. Oral testimony of witnesses may be presented but is not required. If either the student or the

instructor presents witnesses, she/he must provide to the Committee a written summary of the testimony expected of the witness(es) to the Committee and to the other party not later than three days prior to the date of the hearing. The student or the instructor may be accompanied by an advisor whose only role in the course of the hearing will be to render advice to the student/instructor. The amount of time allotted to each party will be left to the discretion of the Committee.

#### (ii) Decision

At the close of the hearing the Committee shall meet and determine by a vote of four out of five of the members, whether the student has proved the relief sought should be awarded for the reasons stated in his/her notice of appeal and the student's grade changed. The Committee shall report its decision in writing to the student, the instructor and to the Vice President for Academic Affairs. The decision of the committee shall be final. If it is the judgment of the committee that the grade be changed, then the Vice President for Academic Affairs shall notify the Registrar, who will enter the changed grade which will be initialed by both the Vice President and the Registrar.

# SEXUAL HARASSMENT AND HARASSMENT POLICY

# (www.washburn.edu/sexual-harrassment.html)

- Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual;
- Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment; or,
- Such conduct emphasizes the sexuality of an individual in a manner which prevents or impairs that individual's full enjoyment of work and/or educational benefits, environment, or opportunities.

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when:

The conduct has the purpose or effect of interfering with the individual's work or academic performance, or of creating an intimidating, hostile, or offensive working or educational environment, or,

#### STUDENT CONDUCT CODE

The students of Washburn University are responsible for complying with policies, standards, rules, and requirements for academic and social behavior formulated by the University community. At the same time, students have protection through orderly procedures against arbitrary or capricious actions or decisions by University authorities. Due process is recognized as essential to the proper enforcement of University rules. The purpose of this document is to provide a procedure and rules by which a student will be afforded due process in the matter of alleged violations of University standards, rules and requirements governing academic and social conduct of students.

Prohibited behaviors include, but are not limited to: disruption and disorderly conduct which interferes with the rights and opportunities of other students to pursue their academic studies; theft or malicious destruction, intentional damage, or misuse of University property or private property of another member of the University community, whether occurring on or off campus; or theft or malicious destruction, intentional damage, or misuse on campus of property of a nonmember of the University community; unauthorized entry upon the property of the University or into a University facility or any portion thereof, including a computer file, which has been reserved, restricted in use, or placed off limits: unauthorized presence in any University facility after closing hours; or unauthorized possession or use of a key to any University facility; possession, use, or distribution on campus of any controlled substance as defined by the laws of the United States or the State of Kansas except as expressly permitted by law; possession or use of alcoholic beverages on campus except as permitted under policies adopted by the Board of Regents.

# **ACADEMIC IMPROPRIETY POLICY**

The grades and credits earned by college students in their courses provide an important measure of the quality and extent of their academic achievements. Preserving the integrity and significance of grades and credits is a professional responsibility of the teaching faculty, but requires the cooperation and support of students. The present policy is designed to assist faculty and students in this task. First, it identifies the basic presumption underlying the integrity and significance of academic grades and credits. Second, it defines as academically

improper, and officially forbids, all forms of student behavior that undermine, or that could reasonably be interpreted as undermining, the validity of this basic presumption. Finally, it requires faculty to take reasonable steps to prevent such behavior from occurring and to take appropriate academic action when it does occur.

The Basic Presumption--Grades or credits are fair and equitable measures of academic achievement only on the presumption that the academic work submitted by each student is his or her own and is created under course conditions or rules (e.g., time and resources allowed for the completion of an examination) common to all students in that course. The moment this presumption's validity is reasonably doubted, the integrity of grades and credits as signs of actual academic achievement is seriously undermined. Therefore, it is incumbent on students and faculty alike to ensure that the validity of the basic presumption is preserved beyond any reasonable doubt.

For a complete copy of the Academic Impropriety Policy, contact the Vice President for Academic Affairs Office, Morgan Hall 262. The policy is also located in the Student Planner/Handbook.
