

Qi (Elaina) Pan

My name is Qi (Elaina) Pan and I am from China. My major is Psychology and this is my second year at Washburn. I like watching movies and listening to music in my leisure time. When I first came here, my English was not very fluent and I often felt nervous. But with the help of International House and PAIS, I learned a lot. Now, as a PAIS I'm happy to help new international students. If you have any problems, don't hesitate to ask for help. PAIS will always help you.
